SPIRITUAL RESILIENCY

Resiliency is the capacity to persevere. In military terms, it's the ability to "drive on." In practical terms, it's the ability to have more resources at work *FOR* you *on the inside* than circumstances at work *AGAINST* you *on the outside*. That's where spirituality, and in particular, the timeless strength of religion comes in.

From the birth of our nation, our heritage has been a country that was firmly founded on freedom for religion. In fact the existence and support of freedom for religion is guaranteed in the First Amendment to our Constitution — and the presence of Chaplains in the ranks since 1775 is a testimony to the central role

"The soldier's heart, the soldier's spirit, the soldier's soul are everything. Unless the soldier's soul sustains him, he cannot be relied upon and will fail himself, his commander, and his country in the end."

General Of The Army, George Marshall

faith, has, is, and will continue to play in helping Soldiers and their Families deal with the deepest needs of their lives and the challenges of military service.

"Up-Armor" yourself by going deep spiritually and taking advantage of all Fort Campbell has to offer to you, through its vibrant religious support program!
