

## Veterans IT Development Program

### Are you seeking your next challenge after the military?

From the day we opened our doors in 1936, the men and women serving our country have held a special place at GEICO.

Our corporate office located in Chevy Chase, MD is proud to offer current and former members of the military an opportunity to transition into IT.

### Develop Your IT Skills

You'll be a part of a 12-week training program that includes mentoring, IT projects, and classroom training such as:

- Intro to Programming and Systems Development Concepts
- Intro to Object Oriented Concepts
- Intro to Insurance
- Web Design
- Beginning Development in Microsoft's .NET Platform
- MS Office Use and Proficiency
- Analytical and Critical Thinking

### Become Tech & Business Savvy

You'll gain experience working with GEICO's Information Services, Systems Operations, and Internet Business Divisions.

### Join the Team

You'll be working on projects suited for your experience and continuing to grow your career.

If you would like more information about this opportunity, please email our recruiting team at [ITCareers@geico.com](mailto:ITCareers@geico.com) or apply online at [geico.jobs/IT](http://geico.jobs/IT) by searching for Job ID 4065.
