

VOLT MILITARY HEROES PROGRAM

Put your experience to work with Volt

VOLT Military Heroes Program

Technician – Haverhill, MA

Compensation: \$22hr (DOE)

JOB DESCRIPTION:

Under general supervision, performs various moderately complex technician functions related to production test, checkout, calibration, troubleshooting and repair of electronic and Electro-mechanical systems and products. Works from limited documentation, schematics, diagrams, notes, production prints and layouts. Must be able to perform the essential duties and responsibilities with or without reasonable accommodation. The duties and responsibilities may change from time to time without notice and include but are not limited to the duties described below.

- Performs operational/functional tests, troubleshoots and debugs assemblies, subassemblies, and systems to isolate faults and determine remedies for moderately complex malfunctions
- Diagnoses and isolates malfunction down to the component level
- Sets up specialized test equipment for checkout of non-routine assemblies and systems.
- Utilizes normal and specialized manufacturing test or diagnostic equipment including oscilloscopes, VOM, DVM, and similar test apparatus
- Helps prepare diagnostic tests and assists in the design, construction, test and checkout of moderately complex test equipment and test procedure equipment
- Complies with ISO procedures and regulations. Maintains a safe and clean work area. Complies with company policies and guidelines regarding inventory control and timekeeping
- Records test results on database

EDUCATION and/or EXPERIENCE:

- Technical school graduate or Associate's degree (AAS) from two-year College preferred plus supplementary technical training
- Minimum of two (2) years directly applicable work experience performing the above type of duties

OTHER SKILLS AND ABILITIES:

Ability to work from verbal and written instructions, wiring diagrams and schematics, and using various test equipment, i.e. digital multimeter, oscilloscopes, computer-automated test systems, etc. Must be familiar with Windows operating systems

To be considered immediately please e-mail a copy of your résumé to the Military Program Manager at: pnavagonzalez@volt.com and type "Technician - MA" on the subject line.
