

# Outreach Notice

## Shasta-Trinity National Forest

*Join our team on the Shasta-Trinity National Forest!*

### Archaeological Technician GS-0102-05

The Shasta-Trinity National Forest is seeking dynamic, innovative self-starters for an Archaeology Technician position GS-05 for the Hayfork Ranger District.

The duty location is Hayfork, CA.

If interested in being considered for one of these positions, please send completed outreach form and resume to Mark Arnold at [marnold@fs.fed.us](mailto:marnold@fs.fed.us) by **October 15, 2016**.

#### **DUTIES:**

Conducts inventories of Forest cultural resources in areas of proposed Forest Service projects. Researches reference materials such as State and National register files, historic documents, archeological reports, maps and aerial photos, and interviews source individuals concerning project areas.

Performs on-the-ground area surveys for surface and subsurface evidence of historic and prehistoric archeological remains. Identifies and records historic and prehistoric cultural resource sites.

Performs a variety of computations and assessments of standard archeological data, such as entering archeological artifact and projects data in appropriate forms and databases. Produces site and survey maps.

Transfers GPS data to a GIS Arc View program loaded in a computer to create a map. Conducts cultural resource surveys of areas designated for various projects. Records sites and monitors affected sites during these project activities.

Insures that archeology work assignments are carried out in safe, timely manner according to established standards and procedures.

Reviews work in progress to see that standards for pre-field research, survey design, site recording, graphics, and final report are being met.

Advises other employees on methods of cultural resource inventory and provides written instructions, research materials and supplies to all involved in planning and operation of natural resource activities.

May serve as a crew work leader.

## Forest:

The Shasta-Trinity National Forest, located in north central California, is the largest national forest in California and provides some of the highest quality fish and wildlife habitat in the Pacific Northwest. It is comprised of 2.1 million acres ranging in elevation from 1,000 feet to 14,162 feet at the summit of Mt. Shasta. This forest encompasses five wilderness areas, hundreds of mountain lakes and more than 6,000 miles of streams and rivers. In addition, there are wild and scenic rivers, national trails and scenic byways and a National Recreation Area. For further information on the forest, please see [www.fs.usda.gov/stnf](http://www.fs.usda.gov/stnf).

## Community:

**Hayfork:** The South Fork Management Unit has a large variety of terrain and ecosystems that provide for a wide range of recreational opportunities. It encompasses over 590,000 acres, two wilderness areas and three major streams from the primary watersheds within the area; the South Fork of the Trinity River, Hayfork Creek and Beegum Creek. For further information about the unit please see [http://www.fs.usda.gov/detail/stnf/about-forest/?cid=fsm9\\_008647](http://www.fs.usda.gov/detail/stnf/about-forest/?cid=fsm9_008647).

This Management Unit has offices in the towns of Hayfork and Platina, California which are about 33 miles apart. Hayfork is a small rural community with a population of approximately 2,500 people. It is located about 60 miles west of Redding at an elevation of 2,300 feet. Hayfork has churches, stores, a medical clinic, and schools up to and including high school. Housing costs are approximately \$200,000 for a 3 Bedroom/2 Bath house and rentals average \$700/month. The Hayfork area offers a wide variety of outdoor recreational opportunities in a rural setting.
