

Autonomous Vehicle Evaluators – Job ID 11724

Allen Park, MI

Remove Post: December 2, 2016

At Roush, we fuse technology and engineering to provide product development solutions to customers in a diverse range of industries. Widely recognized for providing engineering, testing, prototype, and manufacturing services to the transportation industry, Roush also provides significant support to the aerospace, defense and theme park industries. With over 4,000 employees in facilities throughout the United States, Europe, Asia, and South America, our unique combination of creativity and tenacity activates big ideas on a global stage. We want motivated, ambitious people who put the needs of our customers first, bring creativity to their work and will do whatever it takes to achieve success. If you share our passion for providing innovative solutions to complex challenges, we want you on our team.

Are you looking to be part of a team working with cutting edge technology in the automotive industry? Roush is hiring Autonomous Vehicle Evaluators who will be responsible for accompanying test drivers in pre-production autonomous vehicles to execute specific test procedures. In this role, Autonomous Vehicle Evaluators will provide opinions regarding vehicle function and performance and must be able to articulately document and report your findings. **AM and PM shifts available. These positions are located in Allen Park, MI.**

Qualifications

- Autonomous Vehicle Evaluators must have high school diploma or equivalent
- Minimum 2 years of demonstrated automotive experience and working knowledge of automobiles and/or quality
- Must have excellent verbal and written communication skills
- Autonomous Vehicle Evaluators must possess strong computer skills to include proficiency with Microsoft Word, Excel and Outlook
- Must be able to work a flexible schedule and work overtime as needed
- Must be able to sit for up to 7 hours per day and be able to bend/stand/walk up to 30 minutes to evaluate the vehicle
- Autonomous Vehicle Evaluators must be able to read maps, follow directions & be familiar with the Metro Detroit area
- Detail oriented & able to manage multiple tasks in fast-paced environment
- Autonomous Vehicle Evaluator must be a self-starter, self-motivated & willing to learn
