

## **Engine Dynamometer Technician - Job ID - 11494**

**Location: Livonia, MI**

**Remove Posting: August 19, 2016**

Roush supplies comprehensive, integrated development services and provides customers with support that fuses technology and engineering. From design through prototyping, testing and manufacturing, we take our customers' visions from the sketch pad to production. We're focused, efficient, and we deliver. With over 3000 employees in more than 40 facilities across the United States, and interests around the world, Roush solves customers' problems and provides significant support to the automotive, performance products, military, entertainment, alternative fuels and consumer products industries. We are focused on performance, driven by technology, and committed to our customers' success. If you're only happy when your customers are happy, we want you on our team.

Roush is looking for an Engine Dynamometer Technician that is flexible and able to pay strong attention to detail. The Engine Dynamometer Technician is responsible for engine set-up, including instrumentation, monitoring the test while it's running, and for engine removal. Working at Roush offers the chance to work with advanced technology and the people in our lab are experts in their field. This is an afternoon shift position at our Livonia, MI facility.

### **Qualifications**

- High school diploma or equivalent level of education
- Minimum of one year of engine automotive experience
- Must be able to demonstrate automotive mechanical skills
- Must have basic computer skills
- Must have own tools and a rolling tool box
- Must be willing to learn and able to work overtime and weekends as needed as an Engine Dynamometer Technician
- Must be flexible and eager to learn
- Must pay strong attention to detail as an Engine Dynamometer Technician
- Excellent communication skills, both written and verbal
- Excellent customer service skills
- Excellent organizational skills

### **Preferred Skills**

- Powertrain testing background
- Engine dynamometer experience
- Associate's degree in an automotive related field or post high school education in an automotive related field
