

Entry Level Dimensional Analysis Technician - Job ID 11521

Allen Park, MI

Remove Date: September 3, 2016

Roush supplies comprehensive, integrated development services and provides customers with support that fuses technology and engineering. From design through prototyping, testing and manufacturing, we take our customers' visions from the sketch pad to production. We're focused, efficient, and we deliver. With over 3000 employees in more than 40 facilities across the United States, and interests around the world, Roush solves customers' problems and provides significant support to the automotive, performance products, military, entertainment, alternative fuels and consumer products industries. We are focused on performance, driven by technology, and committed to our customers' success. If you're only happy when your customers are happy, we want you on our team.

We currently have an opening for an entry level Dimensional Analysis Technician on the day shift. This position will be responsible for performing vehicle and seat dimensional analysis measurements using a Romer CMM for setting up Federal Motor Vehicle Safety Standards testing, including moving a test dummy and providing a detailed report. This position will be in an automotive shop environment and is located in Allen Park, MI.

Qualifications

- Associate's degree or equivalent from a two-year college or technical school – automotive related.
- Good analytical skills to solve both complex and uncomplicated problems.
- Basic automotive mechanical experience.
- Strong computer skills/knowledge, proficient with MS Excel.
- Strong math skills, proficient with Geometry.
- Ability to lift 50 lb objects and move 100 lb objects.
- Willing to work overtime and weekends.
- Self-motivated and willing to learn new tasks.

Preferred Skills

- Experience using a Romer CMM.
- Vehicle and seat dimensional analysis experience.
- Federal Motor Vehicle Safety Standards testing experience.
