VETERANS WANTED!

Immediate Openings for Hot Jobs!

Fleet Maintenance Supervisor

Regular duties include coordinating, scheduling and auditing of vehicle maintenance repairs to include preventative, mechanical, and electrical repair to tractors, trucks and trailers.

You will be involved in the hiring, training, and ongoing development of vehicle maintenance technicians to ensure that our highly skilled workforce is able to meet customer expectations.

All new maintenance supervisors are enrolled in a training program to provide them with critical job skills, including vehicle componentry and maintenance technology.

The training focuses on service department management, effectively leading associates, and customer engagement.
