Our selection process requires online submission to specific job requisitions of interest.

[Flint Hills Resources](#) is an independent refining and chemicals company. The company has expanded its operations through capital projects and acquisitions worth more than \$6.2 billion since 2002. Its refineries and ethanol plants produce fuels that power much of Texas, the Midwest and the Alaska interior. Its petrochemicals are used to manufacture goods such as plastics, building products and packaging materials. Its asphalt is used in communities across the Midwest and Alaska. The base oils it markets are the principle raw material used to produce premium motor oil, commercial lubricants and sealants and coatings.

FHR is actively seeking entrepreneurial, action-oriented employees with innovative ideas, an intense desire to learn, improve & grow; unfailing commitment to environmental responsibility and safety; and a strong sense of community. We are also looking for an individual who possess good critical and economic thinking skills, as well as solid communication skills.

If you have any questions about [Koch](#) or about other Koch opportunities, you may contact me by return email or directly at (316) 828-4784.

Please accept our best wishes in your transition: **Our Mission is Your Success!**
