

## JOB DESCRIPTION

Job Title: <b>Instrumentation &amp; Controls Technician (Electrical)</b>	Schedule: <b>Monday – Friday 7:00am till 3:30pm</b>
Location: <b>Fort Campbell, KY</b>	Type: <b>Contract to hire</b>
Site Type: <b>Water Treatment Plant</b>	Compensation: <b>\$25.00 - \$30.00 per-hour</b>

### General Summary:

This position performs a variety of tasks in assisting with the planning, scheduling, and directing the operations, maintenance, repair, and calibration of the equipment, instruments, process, and support systems of a plant or facility. The incumbent has thorough knowledge of skill or trade in own area and uses skills gained through a vocational apprenticeship. He/she completes multiple, related technical tasks and refers complex issues to more experienced team members, and conducts basic troubleshooting. This position applies knowledge of work processes and prior experience to choose correct solution.

### Essential Duties & Responsibilities:

- Performs a variety of tasks in the operation, maintenance, repair and calibration of the equipment, instruments, processes and support systems of an industrial water/wastewater treatment facility on an assigned shift.
- Operates industrial facilities to control flow and processing of streams such as water, wastewater, steam, compressed air, sludge and effluents.
- Monitors control panels and panel board, and adjusts controls, valves and gates manually or by remote control to regulate flow, pressure elevation and distribution.
- Processes, hauls and applies bio-solids or other process residuals in accordance with plant schedules and regulatory requirements.
- Collects samples and performs routine laboratory tests.
- Utilizes data management tools for daily process control, such as computer spreadsheets and programs.
- Accomplishes routine maintenance and custodial duties as required.
- Makes necessary operating decisions in absence of supervisor.

### Education, Experience, & Certifications:

- High school diploma or GED required.
- 3 + years experience with industrial production techniques and industrial equipment preferred.
-
