- ▯ Basic understanding of the isolation of substation equipment and grounding practices
- ▯ Demonstrates good verbal and written communications skills
- ▯ Basic understanding of electrical drawings (substation equipment schematics and power system drawings)
- ▯ Basic understanding NERC compliance and the importance for accurate data and timely completion of assigned work
- ▯ Basic electrical and mechanical troubleshooting skills
- ▯ Develops the ability to think methodically and arrange activities in logical order

- Basic understanding of pneumatics and hydraulics systems
- Exposure to Transmission and Distribution system switching activities
- Develop a basic understanding of AC and DC basic principles
- Demonstrate the basic ability to operate bucket, digger derrick truck and other aerial devices

**Key Skills and Abilities:**

- Demonstrated availability for after- hours work
- Strives to continually improve job-related, technical and professional knowledge, skills, and performance
- Develops positive working relationships and effective oral and written communication skills
- Supports the company's goals and represents the company positively and professionally
- Demonstrated ability to pass panel review by meeting or exceeding requirements for step progression
- Must pass appropriate level of Duke aptitude test

**NOTE: Candidates must have the ability to lift and carry 50lbs and must have a permanent residence within 45 minutes from their base location.**

**This position contains a weight restriction of 275 pounds as an essential function of the job. The purpose of this restriction is to ensure that all weight rated equipment is used in an appropriate and safe manner within maximum allowed weight loading.**

**Basic Qualifications**

Must have a valid State Driver's License and the ability to obtain a CDL Class A Driver's License  
High School diploma or equivalent

**Desired Qualifications**

Associate Degree in Engineering Technology or equivalent experience or training (e.g. military)  
Software skills including word process, email, spreadsheets etc.  
Ability to work in a diverse environment with individuals from various socio-economic and cultural backgrounds  
Basic written and oral communication skills  
Must be capable of working on elevated work surfaces  
Military experience.
