

## Maintenance Electrician - Job ID 11685

Livonia, MI

Remove Post: November 12, 2016

At Roush, we fuse technology and engineering to provide product development solutions to customers in a diverse range of industries. Widely recognized for providing engineering, testing, prototype, and manufacturing services to the transportation industry, Roush also provides significant support to the aerospace, defense and theme park industries. With over 4,000 employees in facilities throughout the United States, Europe, Asia, and South America, our unique combination of creativity and tenacity activates big ideas on a global stage. We want motivated, ambitious people who put the needs of our customers first, bring creativity to their work and will do whatever it takes to achieve success. If you share our passion for providing innovative solutions to complex challenges, we want you on our team.

Roush is looking for an experienced, self-motivated Maintenance Electrician to join our team! Due to our steady growth, we are looking for a full-time Maintenance Electrician that will be responsible for inspecting, testing, installing, maintaining, modifying, troubleshooting, and repairing electrical circuits, applicants, systems fixtures and related electrical controls and devices in compliance with all state and local electrical codes. **This position is located in Livonia, MI.**

### Qualifications

- Minimum high school diploma or trade/vocational equivalent
- Minimum 4 years' experience in the electrical field running circuits, installing conduit and troubleshooting electrical components in an industrial environment
- Maintenance Electrician must have knowledge and experience with facility electrical systems, including but not limited to controls, switches and circuit breakers
- Must have experience with interpreting blueprints and schematics
- Must have experience working in compliance with the NEC
- Must have own tools, both hand and cordless
- Maintenance Electrician must be willing and able to work overtime as needed
- Must have excellent math skills
- Must have excellent communication skills, both written and oral
- Must have basic computer skills
- Must be able to work in small spaces and lift 75 lbs.
- Maintenance Electrician must be able to work off of ladders and/or scissor lifts
- Must have an excellent driving record and a valid driver's license
- Must be willing to travel between local facilities

### Preferred Skills

- Experience with low voltage wiring
