

Modeler - Job ID 11678
Farmington, MI
Remove Post: November 11, 2016

At Roush, we fuse technology and engineering to provide product development solutions to customers in a diverse range of industries. Widely recognized for providing engineering, testing, prototype, and manufacturing services to the transportation industry, Roush also provides significant support to the aerospace, defense and theme park industries. With over 4,000 employees in facilities throughout the United States, Europe, Asia, and South America, our unique combination of creativity and tenacity activates big ideas on a global stage. We want motivated, ambitious people who put the needs of our customers first, bring creativity to their work and will do whatever it takes to achieve success. If you share our passion for providing innovative solutions to complex challenges, we want you on our team.

Are you a Modeler looking for a dynamic company to join? Roush is searching for a motivated Modeler who will be responsible for benching rapid prototype parts, building silicone tools, and casting urethane parts. This position is located at our Farmington, MI facility.

Qualifications

- High school diploma or equivalent
- Minimum two years' experience in the rapid prototype field
- Experience building silicone tools and benching SLA/SLS parts
- Experience with vac-cast equipment as a Modeler
- Proficient computer skills
- Must be a self-starter and self-motivated as a Modeler
- Possesses good written and verbal communication skills
- Willing and able to work overtime and weekends as a Modeler
