

Regional Operations Supervisor **Kentucky/Tennessee area**

EHD Technologies, a leading provider of contract engineering, talent acquisition, and managed services, is currently hiring for a Regional Operations Supervisor (ROS) in the southern Kentucky/northern middle Tennessee area.

The ROS is responsible for overseeing the day-to-day operations of the EHD Tech Quality Inspection team assigned to projects at customer sites within the region. EHD Tech performs product inspection, sorting, containment, verification, and auditing of suspect, nonconforming, and/or defective parts, part subassemblies, and part assemblies.

The ROS may be at times a “working leader” and in a “billable” position. This means the ROS is actively involved in the work processes, but is also the supervisor of the EHD Tech team members and temporary agency associates at the job site.

KEY JOB ELEMENTS AND RESPONSIBILITIES:

- Coordinates and establishes work schedules and project assignments.
- Will frequently work more than 10 hours per day (50 hours per week) as dictated by production requirements, quality issues, documentation tasks, and customer demands.
- Understands, and is capable of performing all aspects of containment, audit, inspection, sort, and rework.
- Ensures that proper work instructions, methods, and procedures are in place for each project.
- Supervises the work performed by EHD Team members and temporary agency associates.
- Addresses job performance issues including, but not limited to, attendance, safety, quality of work, quantity of work, compliance to standard operating policies, etc.

Pay Range is between \$45,000 - \$55,000

To apply, email resume and cover letter to:
