

Vehicle Testing and Process Engineer - Job ID: 11478

Wittmann, AZ

Remove Date: July 18, 2016

Roush supplies comprehensive, integrated development services and provides customers with support that fuses technology and engineering. From design through prototyping, testing and manufacturing, we take our customers' visions from the sketch pad to production. We're focused, efficient, and we deliver. With over 3000 employees in more than 40 facilities across the United States, and interests around the world, Roush solves customers' problems and provides significant support to the automotive, performance products, military, entertainment, alternative fuels and consumer products industries. We are focused on performance, driven by technology, and committed to our customers' success. If you're only happy when your customers are happy, we want you on our team.

Roush has an opening for a Vehicle Testing and Process Engineer. This role is responsible for all documented processes and procedures for the vehicle testing operations in the United States. There is some travel required up to 20% of the time (domestic and possibly international). This position is based out of Wittmann, AZ and is a day shift.

Additional responsibilities of this role:

- Author of local procedure, safety guidelines and risk assessments
- Responsible for maintaining the calibration of test equipment at 3 test facilities across the United States
- Ensuring that the test facility meets the highest environmental standards - record keeping and house keeping
- Ensuring the remote operation meets quality audit standards
- Obtaining and maintaining key performance measures of the test operation
- Assume ownership of the workshop documentation and record keeping
- Managing the annual inspection of electrical equipment, lifting equipment and vibrating tools in line with company policy

Qualifications:

- Associates degree in engineering or business
- Must have proven writing experience in a professional environment
- Excellent driving record with a willingness to drive long distances and tow trailers
- Working knowledge/experience with Microsoft Word, Excel, Outlook
- Ability to adjust to time differences working with overseas clients in person or electronically
- Excellent written and oral communication
- Must be willing to travel up to 20% of the time (domestic and possibly international)
- "Hands on" vehicle mechanic experience
