

**Body Engineer - Job ID 11399**  
**Allen Park, MI**  
**Removal Date: August 24, 2016**

Roush supplies comprehensive, integrated development services and provides customers with support that fuses technology and engineering. From design through prototyping, testing and manufacturing, we take our customers' visions from the sketch pad to production. We're focused, efficient, and we deliver. With over 3000 employees in more than 40 facilities across the United States, and interests around the world, Roush solves customers' problems and provides significant support to the automotive, performance products, military, entertainment, alternative fuels and consumer products industries. We are focused on performance, driven by technology, and committed to our customers' success. If you're only happy when your customers are happy, we want you on our team.

Are you a Body Engineer looking for a dynamic company to join? Due to our steady growth, we have an immediate opening for a Body Engineer who will be involved in the design, release and development of Body Engineering systems and components in a fast-paced environment. This position is located at our Allen Park, MI facility.

**Qualifications:**

- Bachelor's Degree in Engineering (BSME preferred).
- The Body Engineer will have a minimum of 1 year of experience in body exteriors, closures, interiors, BIW or structures.
- Hands-on troubleshooting and problem solving skills.
- Must be an effective engineer while acting within a cross-functional team.
- Competent in Microsoft Office including Word, Excel, PowerPoint.
- Good communication and presentation skills.
- Able to work independently or in team settings.
- The Body Engineer must have excellent organizational skills including prioritizing work assignments.
- Must be motivated and adaptable.
- CAD experience is a plus.

**Preferred Skills:**

- Experience with development and maintenance of DVP&Rs / FMEAs desired.
- US Citizen
