MEMORANDUM FOR RECORD

SUBJECT: Installation Environmental Policy

1. Fort Campbell has developed an installation environmental policy conforming to the ISO 14001 International Standards for Environmental Management Systems.
2. The policy states: Fort Campbell is committed to total integration of environmental management and stewardship into all operations to project its vision of being the benchmark for the Army in people, readiness, resources, and transformation and in support of its mission to train, mobilize, and deploy mission-ready forces through:
 - a. Conservation of natural and cultural resources.
 - b. Compliance with environmental regulations and policies.
 - c. Prevention of pollution with increasing efficiencies.
 - d. Execution of systems based on continual improvement of environmental management through coordinated planning, operating, checking, correcting, and reviewing efforts.
3. Functional POC Mr. Jeff Atkins, Chief, Compliance Branch, PWBC Environmental Division, at 798-2877.

LARRY D. RUGGLEY
