

CERTIFICATE OF INSURANCE

Before filing a claim against the United States, a claimant is encouraged, but not required to file a claim with his/her private insurance company in cases of household goods shipments and POV shipments. On the other hand, a claimant is required to file with his/her private insurance company in cases involving other types of loss or damage, such as POV vandalism, theft, quarters/barracks incidents, etc. If the insurance company pays your claim, we will need an itemized list of the items paid. These rules apply if he/she has any type of insurance, which may cover all or part of the claimed loss or damage. If you find that your insurance company does not cover your claim, please attach a document from the insurance company stating so. In the event that a claimant has purchased insurance through the Transportation office, a claim must be filed with the carrier before filing with the government.

I certify that my personal property for which I am submitting this claim (circle one) WAS/WAS NOT insured.
